THREE WEST SIDE BOYS CAUGHT IN HARDWARE STORE

Telephone Call Tells Firemen to
Entry of Building; They
Call Police.

FOURTH TAKEN OUTSIDE

Three West Side youths were arrested early this morning by the firemen and city police after they had broken into the hardware store of Edward Eber in West Crawford avenue, and are being held at the police station. A fourth, William Ward, colored, is being held on suspicion of complicity.

The arrests were made about 4:30 o'clock. The firemen received a telephone call, telling them the youthful robbers had entered the store. The firemen went to the store, only a short distance from the station house, and kept watch. The police were notified.

The officers found John Hertz, Jr., William McDonalds, and Theodore Johnson, the last named colored, in the cellar of the store. Ward was picked up in front of the building. He was held for investigation as the officers thought he might have been acting as "outside man." Ward denies the charge and the others say he was not connected with them.

This morning the boys were taken separately before Chief of Police Thomas McDonald and Fire Chief DeBolt. Grilled by the officers they confessed to having robbed a pool room at the corner of First street and West Crawford avenue. West Side earlier in the night. Cigars and cigarettes were the only articles stolen from the pool room.

Extending their operations to the hardware store, where they wanted to get gun and ammunition with which to "go on the road," the boys were generally regarded as having receded almost out of sight, have been revived, according to a late edition of the Daily Mail as a result of a private interview between Monsignor Patrick J. Gleeson, bishop of Perth, and Premier Lloyd George.

WASHINGTON, Dec. 9.—Hope that the decision of the British government not to permit the special committee of Americans to visit British territory to obtain information about conditions in Ireland is not final is expressed in a letter sent today to the British embassy by the commission of the committee of 100 investigating the Irish question.

"If your letter were to represent the final opinion of the British government," the commission wrote "certain regrettable conclusions would seem to follow. It would seem to imply autocratic interference on the part of the government with the free communication of friendly peoples."

The letter went on to say that the commission would continue its work in conformity with its original purpose and that it could not but hope in both England and Ireland there would be full understanding of its friendly purpose.

WAGE CUT FORECAST

Reduction of 2½ Per Cent May Be
Ordered in Textile Industry.

By Associated Press.

BOSTON, Dec. 9.—A wage reduction of 2½ per cent in textile mills in New England and New York states is forecast today in a statement after a conference of textile manufacturers. Approximately 75 per cent of the industry in this section, of both cotton and woolen products, was represented. The industry employs 300,000 persons.

NEW YORK, Dec. 9.—The United Textile Workers of America will cross that bridge when they get to it, the Goldfarb, president of the organization, said today when informed of a forecast by New England and New York cotton and woolen cloth manufacturers in Boston of a general wage reduction of 2½ per cent. He said no formal notification of action to reduce wages as forecast had been received and that until such reduction had been officially announced the United Textile Workers would have nothing to say.

ADMIRAL MAYO RETIRED

War-Time Commander of American Fleet, 17 Years in Service.

By Associated Press.

WASHINGTON, Dec. 9.—Rear Admiral H. T. Mayo, war-time commander of the United States fleet, goes on the retired list of the Navy today, after more than 47 years of service.

Admiral Mayo has the distinction of having served continuously in a staff command longer than any other admiral on the list, and of having commanded the United States fleet longer than any who held that post in a modern navy.

Divorce Suit Filed.

Louise Ashton of South Brownsville filed a suit in divorce yesterday in Uniontown against John Ashton, whom she married June 29, 1905, at Fayette City and resided at Fayette and Glassport. Deserter is alleged in Glassport on July 14, 1916.

S. G. BUCKNER ACCEPTS NEW CHARGE

Rev. S. G. Buckner, formerly pastor of the Somerset Christian church, and Rev. G. W. Buckner of Connellsville, has accepted a call from the Christian church at Pomona, Calif., a salary of \$4,200 a year. Rev. Mr. Buckner left Somerset three years ago for Yakima, Wash., where he has served as pastor of the Christian church ever since.

Rev. Mr. Buckner is recording secretary of the International church convention of the Christian denominations in America, receiving his appointment at the recent convention in Atlanta.

Scottsdale Property Sold.

John F. Pitts of Scottsdale has purchased a property at that place from

PENNSYLVANIA GUARD TO BE INCREASED TO TWO DIVISIONS; MARTIN HEADS STATE ASSN.

\$9,000,000 DECREASE IN PENSIONS PAID TO CIVIL WAR VETERANS

their number lessened by 27,371 deaths during the year: 24,520 on the Roll.

By Associated Press.

WASHINGTON, Dec. 9.—Pension disbursements for the fiscal year 1920 aggregated \$213,265,514, a decrease of about \$9,000,000 from 1919 total. During the year 27,371 Civil War pensioners died, leaving 243,520 soldiers of that war on the pension roll, in addition to 290,300 Civil War widows.

The amounts were made by Major General William G. Price, Jr., division commander, at a meeting of the National Guard association here today.

Colonel C. B. Smathers of the First Infantry lodged a complaint against the requirement that 80 per cent of the enlisted strength of an officer's command must be present at all times before he can be paid. This was criticized as an injustice to conscientious officers who attend every drill when it is impossible to get 80 per cent of the men out.

Adjutant General Beary, secretary of the association, urged that arrangements be made to pay men as fast as regimental payrolls are made up without waiting for full division rolls at present.

Officers were chosen as follows:

PRESIDENT: Colonel Edward Martin, 10th Infantry; vice presidents: Colonel J. W. Study, First Infantry; Lieutenant Colonel Laurence H. Waters, 13th Infantry; treasurer: Colonel Smathers; secretary: Major Robert Morris, assistant division adjutant. On the executive committee are: Colonel William S. McLean, Jr., Third Field Artillery; Lieutenant P. H. Bon' staff colonel; Captain George C. Thayer, First Cavalry; Colonel William R. Duncan, 18th Infantry; Colonel Samuel W. Fleming, Eighth Infantry; Lieutenant Colonel William J. Crookston, Medical Corps.

LEISENRING BAND
TO GIVE MINSTREL
SHOW THIS EVENING

Shuttle-Takes New Angle After Conference Between Lloyd George and Bishop of Perth.

By Associated Press.

LONDON, Dec. 9.—Prospects of an Irish truce, which last night were generally regarded as having receded almost out of sight, have been revived, according to a late edition of the Daily Mail as a result of a private interview between Monsignor Patrick J. Gleeson, bishop of Perth, and Premier Lloyd George.

WASHINGTON, Dec. 9.—Hope that the decision of the British government not to permit the special committee of Americans to visit British territory to obtain information about conditions in Ireland is not final is expressed in a letter sent today to the British embassy by the commission of the committee of 100 investigating the Irish question.

"If your letter were to represent the final opinion of the British government," the commission wrote "certain regrettable conclusions would seem to follow. It would seem to imply autocratic interference on the part of the government with the free communication of friendly peoples."

The letter went on to say that the commission would continue its work in conformity with its original purpose and that it could not but hope in both England and Ireland there would be full understanding of its friendly purpose.

Leisenring band, William G. Oswald, director, will present its minstrel show this evening at 8 o'clock at the high school at Leisenring under the direction of Charles E. Stout. A full house is indicated. The performers are the best that could be secured and an excellent entertainment is assured.

In the cast are Frank Solis, Captain

Soriano, Thomas Kenny, Paul Alexander, Henry Deo, William Altars,

Ray Shives, William Simko, Irene Alliburg, Bernadette McGrohan, Nellie Neale, Grace, Catherine Micher, Hilda Riley, Carrie Sweeney, Madeline Prichard,

Harry M. Percy is interlocutor;

tambour are Doc Buttermore, G. E. Haas, John Swankey, bones, Doc Huston, Charles Washington and Fred Fife.

The program follows: "The Star-Spangled Banner"; overture, orchestra, chorus, "Tell Me"; "O' Death, Where Is Thy Sting," Charles Washington; "I Love You," Irene Alliburg; "Buckwheat Cakes," Doc Buttermore; "Alfie Blue Gown," Miss Bernadette McGrohan; "Sally's Away on the Henry Clay," Doc Huston; "Golden Gate," Charles Pockstaller; "Slow and Easy," G. E. Haas; duet, Miss Christina Kenney and Mr. Thomas Percy; "The Revival Telephones," Misses Buttermore and Huston, oboe, overture, orchestra; a few minutes with Doc Buttermore; Italian songs and stories, Harry Percy; dancing, The Revival Telephones; "Nevermore," Buttermore and Huston, oboe, overture, orchestra; a few minutes with Doc Huston; reading, Mr. Kupp; selection, "Bridal Rose," Leisenring band; march, "Joyce That."

TO RESUME BANKING

Thrift System to be in Operation at U. S. After Holidays.

The thrift banking system which was introduced into the city schools last year and which has been working successfully in the grades again this term will be reopened in the high school after the Christmas holidays.

The matter of operating the banking system in the grades was more easily started as the teacher in each room acts as banker. In the high school, however, where there are 1,000 students, the members of that body select their own bankers. As only a week remains until the holiday season begins the opening of the savings accounts for 1920-21 will be deferred until the resuming of the sessions.

REV. GALPIN RETURNING

Ful Rehearsals to be Started at Elks Home Next Week.

Announcement was made this afternoon that the date for the Legion Folies, to be presented under the auspices of Milton L. Bishop post, will be January 4 and 5. January 5 is Wednesday, but the committee was unable to get other dates together at the Soisson Theatre.

There will be rehearsal at the Elks club this evening. Director John H. Brown has to this time had rehearsals of parts only. Beginning next week it is the intention to go through the whole show two or three times weekly. Everything is moving along well.

Nine Temperature Falls.

Temperature in the "fire crater" of Union-Centerville coke company mine, near Simpson, is down to 85 degrees and only for the fact that shaft improvement work is not entirely completed have plans for the breaking of the seal been delayed. It is not likely that we will be able to break the seal much before December 28.

John Inspector W. H. Howarth said,

On Watch for Jail Breakers.

The police here have been asked to be on the lookout for two runaway prisoners from the Greensburg jail.

The description of the men, both about 27 years of age, is in the hands of the officers.

Scottsdale Property Sold.

TENTH AND 16TH REGIMENTS Only Ones Having Full Strength.

UNJUST RULE PROTESTED

Special to the Courier.

SCOTTSDALE, Dec. 9.—Because Rev. J. E. Hutchinson, pastor of the First Presbyterian church, is serving this week on the jury at Greensburg and found it impossible to prepare two sermons, he will exchange pulpits Sunday morning with Rev. Judson Jeffries, pastor of the First Methodist Episcopal church, and in the evening with Rev. C. C. Rich, pastor of the First Baptist church, delivering the same sermon at the two places.

HERE'S A POINTEN FOR BUSY PASTORS OF CONNELLSVILLE

By Associated Press.

PHILADELPHIA, Dec. 9.—The War

Department authorized the increase of

the Pennsylvania National Guard to a

full strength of eight regiments to

make up two divisions. The present

strength of the guard is about 8,500.

Only two infantry regiments, the 10th

and 16th, are at present complete.

This announcement was made by

Major General William G. Price, Jr.,

division commander, at a meeting of

the National Guard association here

today.

Adjutant John Campbell and

Workers Completing

Arrangements.

TOYS FOR LITTLE FOLKS

The plans for the Salvation Army

being completed for the Christmas

are being completed for the Christ-

mas work. Well-filled baskets will

be distributed Friday afternoon, Decem-

ber 21, from the army hall. Where

stocks prevail, or the recipient can-

not afford the basket it will be deliv-

ered. Each basket will contain provi-

sions for a substantial dinner for

four persons.

The army officers are now work-

ing to the end that no worthy family

will be overlooked in the Connells-

ville area.

Friends knowing of families where there is sickness, or

from other causes, in need they are

requested to let Adjutant Campbell

know. Care will be taken that such

a family will be supplied.

The army's follow-up system, which

keeps in touch with the recipient of

the basket, sees to it that the same

family will not want for the actual

**A. R. POST TO CELEBRATE COMRADE BALSBY'S BIRTHDAY**

J. R. Balsley, a veteran of the Civil War, one of the oldest and best known residents of Connellsville, will be 77 years old on December 13 and in observance of the occasion the William F. Kurtz Post No. 104, Grand Army of the Republic, of which Mr. Balsley is a member, will hold a party Monday afternoon at the Balsley residence in North First street, West Side. It will also mark the 53rd anniversary of the first battle in which Mr. Balsley participated at Fredericksburg in December 1862.

G. A. R. Officers

The Grand International Auxiliary to the Brotherhood of Locomotive Engineers met yesterday afternoon in Odd Fellows' hall and elected the following officers for the ensuing year: President, Mrs. M. M. Patterson; vice-president, Mrs. N. H. Bruce; secretary, Mrs. E. J. Robinson; treasurer, Mrs. G. N. Wood; chaplain, Mrs. Martha Cypher; guide, Mrs. Harry Vanstone; insurance secretary, Mrs. E. S. Marsh; sentinel, Mrs. Harry DeBolt; delegate to triennial convention in Cleveland, Mrs. Martin King; alternate, Mrs. Harry Vanstone. The installation will take place at the January meeting.

Tomorrow afternoon the G. A. R. post will meet at 2 o'clock in regular session at Odd Fellows' Temple and will elect officers for the ensuing year. All veterans are asked to attend.

Young People's Rally

Between 600 and 700 persons are expected to attend a Young People's rally, representing all churches, to be held tonight at 7:30 o'clock in the Christian church in Uniontown. Inviting talks by the delegates attending the state conference at Williamsport will be given. Miss Rosena Friend of Connellsville, president of the young people's department of the Fayette County Sunday School association, will give a demonstration on what organization can accomplish. She will be assisted by delegates to the recent young people's convention at Williamsport, 16 in number. A similar demonstration is to be given in Connellsville.

Home Circle Meeting

Liberty Circle of the Protected Home Circle will hold a special meeting Friday evening at the home of Mrs. Mac E. Dogley, 624 East Crawford Avenue.

Missionary Auxiliary

The regular meeting of the Carrie Kenyon Auxiliary to the Woman's Foreign Missionary Society of the First Methodist Episcopal church will be held tonight at the home of Miss Bertha Cunningham in East Apple street.

Annual Christmas Meeting

The annual Christmas meeting of the Woman's club will be held Saturday afternoon at the home of Mrs. J. M. Cech in South Connellsville.

Shower for Bride-elect

Thirty-four employees of the Wright-McFie store in Uniontown gave a shower last evening at the home of Mr. and Mrs. W. H. Wilson in Uniontown in honor of Miss Lulu Ryland, an employee of the store. Miss Ryland will be married to Roy Meyer of Dubois in the near future. The bride-elect received many beautiful and useful gifts.

B. of A. Meet

The regular meeting of the Daughters of America will be held tonight at 7:30 o'clock in Odd Fellows' temple.

Camp Elsie Girls Meet

At a meeting of the Mikwikkah Camp Five Girls last evening at the home of Miss Margaret Yohn in Cedar Avenue honors were awarded Misses Christine Davis, Martha Detrich, Lelia Penick and Mildred Elkes. The next regular meeting will be held Wednesday evening, December 16, at the home of Mrs. Harry Hopkins in South Arch street.

Member of Dance Committee

Kenneth Tedrow of Scottdale is a member of the committee in charge of the second annual "Greek Swing-out" dance of Washington & Jefferson college, to be held tomorrow night in the Masonic temple at Washington.

Bible Class to Meet

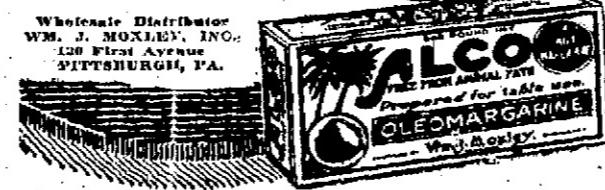

The Junior Organized Bible class of the First Presbyterian church will meet tonight at 8 o'clock in the church chapel. Miss Sarah Davies is chairman of the entertainment committee.

Will Present Play

Plans for a play, "Broery Point," were made at a meeting of the Young-Loghengry Camp Five Girls held yesterday afternoon at the high school. The play will be given some time in March. A ceremonial meeting will be held

**NEWSY NOTES TELL
WHAT'S HAPPENIN'
IN THE MILL TOWN**

*reparations Under Way to Turn Over Keister Library to Council.

CERTAIN PROCEDURE NECESSARY

Football Players and others to be Guests of High School at Dinner Saturday Evening Farmers' Institute Home January 3; Other Notes.

Special to The Courier
SCOTTSDALE Dec 9.—There was some disappointment that the borough council did not Monday night consider the library question. For the benefit of those who are not acquainted with the procedure necessary to the turning over of the school district of the library, presented to the public by the late A. L. Keister with the school board as custodian it may be said that to matter is being pushed as rapid as possible. Certain technicalities must be dispensed with.

Following the November election, at which the voters authorized the borough to maintain the library by taxation the schoolboard at once took the first step: taking toward the transference.

Not more than two mills can be assessed for the upkeep of the library.

Saturday evening at 6 o'clock the members of the Scottsdale football team, the girls from the substitutes, the senior faculty and the student body officer will be entertained at dinner at the high school by the members of the senior class.

Wanted—
Wanted You to know "that our Wonder Woman is ready to see your Inspector. Come in with the kiddies and look her over. If there is anything that pleases you pay a little deposit and we will lay it away until Xmas. S. Wrennor, Furniture and Hardware next door to West Penn Building Room—Adv 2-4 8-11 20 to 24

Armstrong's Institute Soon.
A morsel institute will be conducted in Peterson hall on January 27 noon and evenings, when some of the best speakers in the state on far problems will be here.

Xmas Shopping.

It pays a pleasure here. The goods are reasonable. Prices are low. Lower prices in the market means lower prices to our customers in the December price sales. It will be aimed at the good because you can find here in sensible buying garments, new, warm, soft, fur, and wool, hose, silk, etc., and whatnot. Bring in your old garments, as you get rid of the old.

Good Luck Seal Sale.

HONOR ROUND

It's a
Universal
Special
Attraction

He had come to the end of his rope. There in a land where no man had ever been meant to live, he had toiled and striven for our woman—had shouldered the burden of another man's crime—had even flung a tremendous fist to the door of death to save his wife. Falsehood failed to find that she still believed him worthless. What did Billy Mayo do that tragic night—when the smiling face of a woman lured and beckoned? Come—see a picture-story that will hold you enthrall.

At the Theatres

SMITHFIELD HUNTER'S PERSISTENCE REWARDED BY SHOOTING BIG BUCK

"PINK LIGHTS"—A circus story, in which Gladys Walton is seen in the leading role, supported by an all-star cast, is being shown today. Mizzie Darlington in "Pink Lights," is a circus girl, known as "Queen of the Air." She does a thrilling balloon ascension and parachute jump. The circus manager, Jerry McKee, loves her and wants her to marry him and give up the dangerous act, but the girl is not afraid of her regard for him. At one point New England down the falling parapet lands Mizzie on the roof of a young minister's home. The minister, Rev. Jonathan Meek, assists her into an upper window of the house and gives her a cloak to cover up her circus costume of lights. Before the girl leaves that evening the church congregation arrives for a surprise party on the minister. A small boy learns of Misse's presence upstairs and precipitates a scandal. The girl later that night saves the same boy from a burning church and thus silences the unfriendly comment.

"Tomorrow and Saturday 'The Building Iron,' a beautiful story acted by a famous cast, will be shown.

THE PARAMOUNT

"HONOR BOUND"—A splendid production in which Frank Mayo plays three distinct personalities, is today's leading attraction. "Honor Bound" contains admiring phrases of each other; something sincere under the skin besides. Mr. Jacobson has a real idea, and this picture of his he desired to tell about it. It is the idea that the influence of primitive ancestors still abounds for pictures under civilization's veneer, only to be awakened by a reversal of type or thrown back in the face of primitive situations. It is not a new thought, indeed, to Kipling and others have used it before—but it is one conducive of high dramatic situations, and one that is new to the media of the screen. Frank Mayo has been surrounded with a notable cast. There is Dagny Godowsky as the native girl who swims in the harbor; Agnes Collyer, John, the policeman; there is Irene Blackwell and Helen Lynch who carry leading lady and ingenue honors between them; there is Edward Coxen, the business man who degenerates into a whisky soak in the tropics.

"Friday and Saturday Eddie Lyons and Lee Moran will be featured in "Once a Plumber."

THE DEPARTMENT

"JACQUES OF THE SILVER NORTH"—With Mitchell Lewis, the popular screen star, in the leading rôle of today's feature attraction. Vivid, alive, stirring, a typical story of the north, this picture will hold your interest from start to finish. It is not like one of those many pictures—so-called Northern pictures because they contain some beauty-set men and a couple of snow-bent; "Jacques of the Silver North" has a plot—a good plot, which never drags but is loaded with suspense.

Jacques La Roque, the Cimarron trapper, who loved Memory Daire-with-a-love that is almost beyond human comprehension, one of the most wonderful characters the screen has ever seen. Great of soul, with the gentleness of a baby and the ferocity of a wolf, his devotion to Memory is like that of a dog to its master. He knows he cannot win the love of this white "girl" and although his heart aches with love for her, he helps another man to swim her; a man she loves. A man! What he hopes will make the girl his "wife" is hardly Jacques La Roque is an unforgettable character—a character that will inspire every man and woman and teach them the real meaning of love—a love so beautiful and strong that it seems to encompass everything.

An episode of "Ruth of the Rockies," a stirring serial starring Ruth Roland, is also included.

Friday and Saturday Tom Mix will be seen in "The Terror."

Cut This Out—it Is Worth Money. Cut off this slip, enclose with \$1.00 and mail it to Foley & Co., 2335 S. Michigan Ave., Chicago, Ill., writing your name and address clearly. FORD

THE UNIVERSAL CAR

THE FORD ONE-TON TRUCK

A matter of fact we might almost as well call it a Three-Ton Truck, for it very rarely carries a smaller sized load. The owners of the Ford truck take advantage of the high qualities of materials which are known to be put in the Ford car, take advantage of the high quality of Ford workmanship which characterizes Ford cars and they overload to the limit. Well, the Ford truck has never broken down with any of these overloads. It delivers expectations and double expectations, so far as carrying capacity is concerned, and while that is not fair to the truck, still the owners are satisfied.

But the Ford one-ton truck, with its aluminum bronze worm drive, its greater weight and strength of frame and its incomparable power plant, it without a reasonable competitor in price, in service, in cost of operation. It is the lowest priced truck on the market, of equal capacity. No other truck on the market operates so economically and we believe there is no other truck that will give as satisfactory and profitable results. Our alliment is limited. Better leave your order without delay.

BIGGEST OUTPUT

Of Coal in Thanksgiving Week For Like Period During Four Years.

Total production of soft coal during Thanksgiving week declined, but the rate per working day increased. The output, including lignite and coal coke, is estimated at 11,416,000 tons. This was the largest in any Thanksgiving week of the last four years, the

period over which records of weekly production extend. In 1917 the output was 10,585,000 tons; in 1918 only 9,650,000 tons.

Production of bituminous coal during the first 281 working days of the last four years has been as follows, in net tons:

1917 50,029,000

1918 53,018,000

1919 42,046,000

1920 49,082,000

Box for Orphans.
Plans are being made at the United Brethren church here to make up a box to take a collection for the Quincy orphanage.

STOMACH TROUBLE FOR 15 YEARS

Cuts Affect Her Heart, and Death
Seemed Near. First Dose of
Milks Emulsion Brought
Relief.

I suffered constantly from a dread full stomach trouble for 15 years. Every time I could eat just laid over my stomach and soured. I would bloat up and it seemed as though my stomach would burst up. The bloating affected my heart, and at times I was afraid I would drop dead. I tried every thing I could hear of, besides having a number of doctors, but got only temporary relief, until I got a few bottles of Milks Emulsion. It came to me from a doctor in state that I consider it a God-send. I now have more relief since taking it and have slept better, than for years. I cannot praise it enough for what it has done for me. Price, \$1.50 per bottle.

Thousands have suffered for years from stomach and bowel troubles, and then found the same wonderful relief lasting benefit, from Milks Emulsion.

Milks Emulsion is a pleasant, nutritive food and corrective medicine. It restores health, natural bowel action, digestion, stimulates appetite, and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is a tonic, restorative, and a medicine which has weakened, and is a powerful aid in resisting and repairing the effects of wasting disease. Chronic intestinal trouble and constipation are promptly relieved. The oily, solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are encouraged to try Milks Emulsion. Send for free sample bottle home with you, use it according to directions, and, if not satisfied with the results, your money will be promptly refunded.

Price, \$1.50 per bottle, the Emulsion Co., Terre Haute, Ind., sent by express everywhere. Adv.

RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Instant Relief With a Small Trifle
Bottle of Old "St.
Jacobs' Oil."

Rheumatism is "pain" only.
Not one case in 100 requires internal treatment. Stop drumming! Rub a soothing penetrating "St. Jacobs' Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs' Oil" is a harmless rheumatic liniment which never disappoints and cannot burn the skin.

"Liberate" up! Quit complaining! Get a small trifle bottle of old, honest "St. Jacobs' Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, and stiffness. Don't suffer! Relief awaits you. "St. Jacobs' Oil" is just as good for sciatica, neuralgia, lumbago, rheumatic sprains. Adv.

BEehive Output

CHANGED LITTLE WEEK OF NOV. 27

Total 285,000 Tons; Year to Date Is
1,866,000 Tons Ahead of the
Preceding Year.

The weekly report of the United States Geological Survey, prepared by F. G. Tyrone, shows that with a total of 285,000 tons, the production of beehive coke in the United States during the week ended November 27 varied but little from the figure for the preceding week. Slight gains were recorded in all districts except Virginia and Kentucky, where a decrease of 1,000 tons was reported, and in Alabama, Tennessee and Georgia where production about equaled that of the preceding week. For the Connellsville region, The Courier shows 212,420 tons against 200,380 during the preceding week.

Cumulative production for 1929 has reached 10,387,000 tons, which is 1,865,000 tons ahead of 1919.

The production by states, compared with the corresponding week of last year, was as follows:

	1928	1929
Pennsylvania and Ohio	284,010	240,000
West Virginia	25,010	23,000
Alabama, Tennessee and Georgia	28,000	28,000
Virginia and Kentucky	10,000	10,000
Colorado, Oklahoma and New Mexico	11,000	11,000
Washington and Utah	5,000	4,000
U. S. Total	356,000	345,000

APPLY SULPHUR TO HEAL UP YOUR SKIN

Broken Out Skin and Itching Eczema
Helped Over Night.

For unsightly skin eruptions, rash or blottches on face, neck, arms or body, you do not have to wait for a doctor to prescribe or embarrasment declares a noted skin specialist. Apply a little Menthio-Sulphur and improvement shows next day.

Because of its germ-destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Menthio-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar from any good druggist and use it like cold cream.

THURSDAY EVENING, DEC. 9, 1926.

THE AUTOMOBILE'S TOLL.

The report of the Census Bureau, showing that 3,898 persons were killed in automobile accidents or died as a result of injuries thereto, in the last year, ought to bring home to the public with impelling force the necessity for something being done to reduce this terrible toll. What shall be done, or what is best to do, to accomplish this end seems not to have been determined, but as the casualties increase in number and frequency the conviction is becoming stronger and stronger that automobile drivers must be persuaded by public sentiment, if they will or forced by more rigid penalties if they will not, pay more heed to the dangers of modern travel over the highways.

"Each year it becomes more and more dangerous for a person to walk the streets," the Census Bureau's statement said. The reason usually given, and probably the correct one, is that the number of automobiles in use is constantly increasing. How, then, shall this ever increasing danger be lessened? The obvious remedy is to improve constantly the traffic regulations to keep pace with the ever-increasing number of automobiles. "This call for better and better traffic regulations is not a fanciful one. Everyone is familiar with the necessity for slow and orderly progress when a crowd emerges from a circus and similarly automobile traffic must be slowed down and controlled until it becomes safe."

As a means of insuring greater safety, the Census Bureau makes several suggestions among them being that drivers be required to give a demonstration of their skill before being granted a license; a reduction of the speed limit, especially at crossings and, in case of violation of the traffic regulations, a heavy fine revocation of license and imprisonment.

These suggested measures have already been tried but without producing the desired results, no doubt due in large part to the failure of the authorities to adequately enforce the law and the general disregard of all law which has become one of the evils of the time. Existing methods having failed, short of a proper regulation, that situation has developed whereby automobile owners who are careful and who condemn the criminal recklessness of the speed fiends just as vigorously as the general public, must take active steps to abate the evil. The whole automobilist fraternity is being made to suffer for the acts of the careless and indifferent members. That being the case the vast majority of automobile owners are having placed upon them the obligation to cooperate in the framing and enforcement of laws that will reduce the hazards of the highways failing in which they will find the public will shortly be aroused to a degree of resentment that it will be difficult to allay.

INSURANCE POLICIES ON OUR PROSPERITY.

In the development and final merger of the Munson Heater company and the McCaffrey Foundry company there is a lesson that should not be lost to sight by those persons in direct charge of home manufacturing enterprises. Likewise there is encouragement, and incentive to those who have engaged in and to those who plan to engage in similar undertakings.

Both of these establishments began in a modest way and by making the quality of their products the first consideration, under the close personal attention of those who had charge of the organization, financing and management, a healthy and sturdy growth was resulted. No effort has been made either to assume large proportions, or by steadfastly maintaining a high standard in output and business methods each has progressed in a substantial and satisfactory manner. Neither has sought to attract public attention except as a means of securing a sufficient volume of business to keep their plants in profitable operation and give steady employment to a comparatively small but efficient force of employees.

In each of these undertakings, the family relationship is might be called which before the days of the gigantic mergers and combinations prevalent in the industrial establishments has been paralleled with the adventures pertaining thereto to both management and employees, often with the merged plants a continuation of this relationhip is possible the combination not being so large that the management can or will be disposed to like personal touch with the workers.

In the several important respects that have joined these plants, large have exceedingly useful and valuable parts in our country's industries and may well be put to good use by persons engaged in developing special interests in manufacturing in a small way. An addition of undertakings of

a character is a form of insurance which helps to place the prosperity of the nation upon a sound and enduring

With Great Britain giving Burns to the financial screw, under which the Greek government has been placed, the self-determination in the matter of choosing their own ruler promises to develop into a case of self-defacement.

The growth of a \$20 investment into \$320, a gain of \$300 or 1500 per cent within 18 months, which that Smithfield pig club boy accomplished ought to put those farm boys to shame who say farming don't pay.

With total expenditures aggregating \$7,631,391.09 on account of the United States' representatives at Paris and Versailles it would appear that peace had its prodigality no less astounding than war.

Secretary Houston's proposal to increase the tax on incomes up to \$10,000 by 50 per cent without increase above that limit, is entirely in accord with the Democratic idea of easing the tax burden for the big fellows and making the small consumers pay the freight.

No danger of being unlucky if you devote tomorrow the 13th shopping day before Christmas, to completing your purchases that are intended to make some less fortunate person happy for a whole year.

Anti-Jewish Propaganda.

From Philadelphia Ledger

No one who has ever made the attempt to give a serious reading to the so-called "protocols" which have been distributed broadcast, and mainly anonymously, throughout the civilized world in recent years will need the assurances contained in the statement of the various Jewish organizations printed in another column that the document is a palpable forgery a clumsy bit of anti-Semitic propaganda. But the currency that has been given the slanders upon an entire race of the world's most useful peoples and the persistence of those engaged in circulating it perhaps is sufficient justification of the attention that is given it in the statement of the American Jewish Committee, the various Zionist organizations, Orthodox congregations, etc., which are among the signers. Otherwise the protocols are unworthy of the notice of intelligent people.

Originating from some wholly unknown and mysterious sources in Russia, fanned by an advocate of the fallen regime of autocracy and the Baltic States contribute another million, who must be fed if this generation is to have a chance. The European Children Fund, under the chairmanship of Herbert Hoover, has undertaken that obligation and will continue it if the American people take it on financially. Twenty-three million American dollars will save two and a half million European children from starving to death.

American Food Their Only Hope

This Polish mother, waiting at one of the kitchens of the American Relief Administration, European Children's Fund in Warsaw, is typical in her suffering and needs. She has nothing but black bread made from bark and straw to give her babies. Her boys of fourteen and sixteen followed their father to fight the Bolsheviks. In Eastern Poland there are families where off from hers, living in squalor, comes one son, one daughter. Not a shack of any kind has been left standing in many areas invaded by hordes of Bolsheviks.

The Americans keep child-feeding stations going here. A million Polish boys and girls depend on them for existence. Austria, Czechoslovakia, and the Baltic States contribute another million, who must be fed if this generation is to have a chance. The European Children Fund, under the chairmanship of Herbert Hoover, has undertaken that obligation and will continue it if the American people take it on financially. Twenty-three million American dollars will save two and a half million European children from starving to death.

STREET VIEWERS NAMED

Board Will Inspect Two City Streets, Just Paved. Dec. 29 and 31.

The court yesterday appointed W. H. Blinn, J. V. E. Ellis and F. D. Munson as a board of viewers to inspect the benefits and damages resulting from the improvement of Davidson Avenue and Francis Avenue Connellsville which streets have been graded and paved recently.

The board will meet on Davidson Avenue for this purpose on Wednesday December 29 and on Francis Avenue on Friday, December 31.

UPWARDS OF TWO MILLIONS IN COAL SALES IN GREENE

Concluded Within the Past Two or Three Weeks; Deeds Recorded.

PERRY IRON CO. BIG BUYER

Extraordinary activity at present prevails in coal land sales in Greene county. Within the past two or three weeks deals aggregating upwards of \$2,000,000 have been concluded and the titles passed. One of the important deals was the purchase, from the E. M. Sayers estate by the Hillman interests, of Pittsburg of 300 acres in Franklin township, adjoining other holdings. There were two tracts included in this deal, one of 182 acres, both coal and surface, for which \$550 per acre was paid. The second tract of 86 acres of coal included only the coal at a price of \$300 per acre. The total consideration was \$134,000.

The Hillman Coal & Coke company now owns a block of 900 acres situated to the west and southwest of Waynesburg and 700 in Franklin township, or a total of 1,800 acres. Recently the Russell Adamson tract of 92 acres and the S. W. Scott tract of 520 acres were purchased at \$300 per acre. The Sayers coal adjoins the Scott and Adamson tracts.

The Cumberland Coal company has added to its extensive holdings 12 acres in Greene township, purchased from J. V. Thompson, and 29 acres in Perry township, purchased from John S. Reiner.

The Whiteley Coal company has purchased the one-sixth interest in the George W. Patterson tract of 134.7 acres in Franklin and Whiteley townships; Frank R. Shirey tract of 76.8 acres in Whiteley township; J. N. Zimmerman tracts of 103.7 acres in Whiteley and 66.8 acres in Franklin township. The total consideration was \$12,278.47. The coal was formerly the property of Fuller Hoggett of Uniontown and was purchased by J. R. Scott of Waynesburg a few weeks ago at sheriff's sale, who made this sale to the Whiteley company.

James R. Gray of Uniontown has purchased the undivided one-third interest in two tracts, one of 112 the other of 88 acres, in Wayne township, from John H. Strawh, receiver of the Farmers and Drovers bank of Waynesburg, at \$200 per acre.

Other sales include the one-sixth interest of Thomas B. Semans of Uniontown in the Arch Dunaway tract of 183 acres in Whiteley township; John Haines tract of 21.5 acres in Franklin and Whiteley townships; John A. Cummins tract of two acres in Whiteley township; Lindsey Dunaway tract of 12 acres in Wayne township, and Daffey Dunaway tract of 20.6 acres in Wayne township; total consideration, \$6,251.30. The Whiteley Coal company was the purchaser. The same company purchased the one-half interest in the Zorn-M. Blaker tract of 155.6 acres in Perry township for \$19,324.11.

The largest single transaction was the purchase by the Perry Iron company of an one-third interest in 92 tracts of coal, coal and surface and surface alone in Morgan and Jefferson townships and Jefferson borough. The tracts, in which only the Pittsburg vein of coal is conveyed aggregate 4,272 acres; the tracts in which only the surface is conveyed amount to 822 acres and in 137 acres both the coal and surface is conveyed.

The deed bears date of July 19, 1920, and names one dollar as the consideration. The document, however, bears revenue stamp in the amount of \$1,250.50, which would indicate a consideration of over a million dollars.

Other coal deals recorded are as follows:

Idell, Walters of Uniontown to the Greene Improvement company, coal underlying a tract in Whiteley township, containing 111.289 acres; consideration, \$31,720.22.

John Stephens of Waynesburg to the Greene Improvement company, Pittsburg vein of coal underlying three tracts in Whiteley township, aggregating 219.342 acres; consideration, \$62,612.47.

William F. Blair of Franklin township to the Greene County Coal company and Joseph E. Barnes of Pittsburgh, all of the Pittsburg vein of coal underlying a tract in Perry township; consideration, \$1.

Philip N. Platé of Youngwood to G. Corrado of Connellsville all of the Pittsburg vein of coal underlying a tract in Dunkard township, known as the A. M. Dillner farm and containing eight acres more or less; consideration, \$15,540.

Frank Boers of Perry township to L. C. Evans of Dunkard township all of the Pittsburg vein of coal underlying a lot in Perry township containing .877 acres; consideration, \$175.

James B. Throckmorton of Franklin township to Clementine Throckmorton of Waynesburg an undivided one-fifth of the Pittsburg coal underlying a tract in Center township containing 50 acres; consideration, \$1.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nasotracheal Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head, clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv.

CHRISTMAS THINGS. Located principally in the middle west. On November 1, the number of surplus cars was about 3,000.

Complications also show a steady decline in the car shortage, which exists at other points. The average daily shortage for the same week was 30,724 cars, or 4,632 cars below the total for the preceding week.

While the shortage on September 1 was 147,000 cars, the peak for the year, to about 55,000 cars.

This fellow, instead of approaching, merely stood and stared; his eyes bulging and his jaw dropped. And then anotheravage face appeared, and third and fourth and fifth, craning their necks over the shoulders of their fellows whom they could not pass upon the narrow ledge. Each face was the picture of awe and fear, but for what reason I did not know, nor did I learn until ten years later.

Suddenly a low but distant monosyllabic sound issued from the recesses of the cave behind me, and as it receded the ears of the Indians, they turned and fled in terror, panic-stricken. Their wild cries echoed in the canyon for a short time, and then all was still once more.

The sound which had frightened them was not "repeated," but it had been sufficient as it was to start me speculating on the possible horror which lurked in the shadows at my back.

Several times I thought I heard faint sounds behind me as of some body moving cautiously, but eventually even these ceased, and I was left to the contemplation of my position without interruption.

Until possibly midnight all was silence, the stillness of the dead; then suddenly, the awful roar of the morning break upon my startled ears, and there came again from the black shadows the sound of a moving thing, and a faint rustling as of dead leaves. The shock to my already overstrained nervous system was terrible in the extreme, and with a superstitious effort I strove to break my awful hold; then something gave, there was a momentary feeling of "hauzin," a sharp click as of the snapping of a steel wire, and I stood with my back against the wall of the cave, facing my unknown foe.

And then the sunlight flooded the cave, and there before me lay my own body as it had been lying all those months, with the eyes staring toward the open ledge after the birds passing daily about the ground. I looked first at my fingers, clay there upon the floor of the cave and then down at myself in utter bewilderment; for

I had then no strength to move, and so I hit upon the unique plan of reverting to first principles in locomotion, creeping. I did fairly well at this, and in a few moments had reached the low, encircling wall of the enclosure. I cautiously gained my feet and "peered" over the top upon the strangest sight it had ever been given me to see.

The roof of the enclosure was a solid glass about four or five inches in thickness, and beneath this were several hundred large eggs, perfectly round and snowy white. The eggs were nearly uniform in size, being about two and one-half feet in diameter.

Five or six had already hatched and the grotesque creatures which sat blinking in the sunlight were enough to cause me to doubt my sanity. They seemed mostly head, with little scrawny bodies, long necks and six legs, or, as I afterward learned, two, legged and two arms, with an intermediately pair of limbs which could be used as either arms or legs. Their eyes were set at the extreme sides of their heads a trifle above the center and protruded in such a manner that they could be directed either forward or back and also independently of each other, thus permitting this queer animal to look in any direction, or in two directions at once, without the necessity of turning the head.

There was no hair on their bodies, which were of a very light yellow-green color. In the adults, as I was to learn quite soon, this color deepens to an olive green, and is darker in the male than in the female.

Again I was suddenly recalled to my immediate surroundings by a repetition of the weird moan from the depths of the cave. Naked and unarmored as I was, I had no desire to face the unseen thing which menaced me.

I leaped quickly through the opening into the starlight of a clear Arizona night. The crisp, fresh mountain air outside the cave acted as an immediate tonic, and I felt new life and new courage surging through me.

Passing upon the brink of the ledge I upheld myself for what now seemed to me wholly unwaranted apprehension. My better judgment, when permitted the direction of clear and logical reasoning, convinced me that the noises I had heard must have resulted from purely natural and harm-

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat If Kidneys Feel Like Lead or Bladder Bothers.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, also we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and is harmless in dull clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who bathe in overcoming kidney trouble while it is only trouble.—Adv.

The whiteness of the teeth is not of ivory, but of the snowiest and most gleaming of china.

I was given but little time to speculate on the wonders of my new discovery. I had seen that the eggs were in the process of hatching, and as I stood watching the hideous little monsters break from their shells I failed to note the approach of a score of full-grown Martians from behind me.

They might have captured me easily, but their intentions were far more sinister. It was the rattling of the accoutrements of the foremost warrior which warned me. Had not the rifle or the leader of the party sprung from its fastenings beside the saddle in such a way as to strike against the butt of his great metal shot spear? I should have snuffed out without ever knowing that death was near me. But the little sound caused me to turn, and there upon me, not ten feet from my breast, was the point of that huge spear, a spear forty feet long, tipped with gleaming metal, and held low at the side of a mounted replica of the little devils I had been watching.

But how puny and harmless they now looked beside this huge and terrible incarnation of death, of vengeance, and of death. The man himself, for such I may call him, was fully fifteen feet in height and, on earth, would have weighed some four hundred pounds.

And his mount! How can earthly words describe it! It towered ten feet at the shoulder; had four legs on either side; a broad flat tail, larger at the tip than at the root, and which it held straight out behind while running; a gaping mouth which split its wide face in two to its long, mus-

The Sporting World

PROSPECTS BRIGHT FOR TEAM AT BALTIMORE & OHIO "Y"; LEAGUE ALSO

Men Will Have Floor Candidates Out Again Friday; Boys Already Started.

CASEYS SCHEDULE GAMES

Prospects for a basketball team to represent the Baltimore & Ohio Y. M. C. A. loomed up bright when eight candidates for the team reported for practice last night. The team is just getting on its feet and there is plenty of room for additional candidates, with perhaps the organizing of a second quintet.

Among those on the floor last night were "Doc" Buttermore and Morris Melnick, both former high school players. Buttermore graduated in 1919 and Melnick left the school last June. "Hobe" Fisher was another. He is a fast floor man and adds speed to the team.

The boys' teams at the "Y" are getting well under way. There were 14 boys on the floor yesterday afternoon for a hard workout. The young fellows had a fast practice and then had a half hour contest. No teams have yet been selected as it is the desire to have four aggregations represented in the league.

Quite a number of the players are boys from the high school who lack sufficient weight to make the team there. Instead of losing all opportunities to play, most of them have reported at the "Y."

Among those who played at the "Y" last year and who are candidates for the high school varsity this season are Ross McCormick, Soisson and Neld McNutt, who will play for Johnstown. Was another "Y" star?

After resting Tuesday while the girls got in a practice, the high school dribblers swung back into the grind yesterday afternoon. The team is shaping up very satisfactorily. Coach Rupp has worked on most of the rough edges and all traces of early season form should be gone when the quintet goes against German Township High Saturday evening in the opening game. Pugby will be here the following Saturday.

PROSPECTS GOOD FOR FAST 1921 SOX TEAM

Third Sacker and Slugging Outfielder Chief Need.

Pitching Staff Is None Too Strong With Dick Kerr and Red Faber as Only Relievers—Bill Falk May Be Developed.

What of the White Sox team for 1921? The outlook is not discouraging, by any means. When the Hoss have such masters as Eddie Collins, Ray Schalk, Dick Kerr, Shano Collins, Nemo Leibolt and others to start with.

Some positions will have to be strengthened, notably third base, shortstop and the slab. However, McClellan, the recruit shortstop, who has been with the club two seasons, may fill the bill, written Malcolm MacLean in Chicago Post.

It is in the pitching, none too strong this season, where the Sox will have to have considerable aid. Kerr has developed into a star, and Red Faber still should have years of good work left. But no club can go along with but two regulars.

Hoppe rosts on Dodge and Wilkinson, both of whom have shown signs of major work. Dodge pitched one really great game, when he held the Tigers to two hits.

Comiskey has other slingers on his list, recruits of promise. Purdy, who was a sensation in the Western league, is one of these.

At least one hard-hitting outelder, possibly two, would count mighty handy, but they are hard to find. In Leibolt, Strunk and Murphy the club has three excellent batters—all of them left-handers, by the way—and the first two named are good folders. Murphy is a bit mysteey on fly balls.

Unless the Sox can gather in at least one high-class right-handed swatter, they may switch John Collins, who was a 300 man last year—to the garden and try out Bill Falk or Jourdan at first.

Falk is both a pitcher and a first-sacker, much as Sisler was when the latter was a collegian. Falk can also play the outfield. However, in case the Sox don't pick up southpaw-to aid Kerr, it is possible that Falk might develop into his mate, and Jourdan take care of first.

BOSTON COACH WILL REMAIN

Frank Cavanaugh Signs New Contract for Five Years—Was Formerly at Dartmouth.

Frank W. Cavanaugh, coach of the Boston college football team, has signed a contract to continue as the mentor of the eleven for five years, beginning next September. It was announced. Cavanaugh, under whose instruction the team beat Yale in 1919 and again this year, also will become an instructor in law at the college. He formerly was football coach at Dartmouth.

How We Ended Kidney Trouble.
"I had a severe attack of kidney trouble and for three weeks could not get out of doors and scarcely out of bed," writes C. E. Brewer, Village Springs, Ala. "Could not bend over at all without the most excruciating pains. I purchased a bottle of Foley Kidney Tonic. Was relieved after a few doses and continued their use until completely cured. I consider Foley Kidney Tonic the best kidney remedy in the world. No recurrence of my trouble. Sold everywhere—Adv."

About One-Eleven

20 "111" cigarettes 15¢

JUST an inside word about One-Eleven. The American Tobacco Company has served the public with fine tobaccos for many years. It commands the experience and skill to prepare and know good cigarettes.

The American Tobacco Company would not give the address of its home office as the name of a new cigarette if it did not believe that the blend would please you.

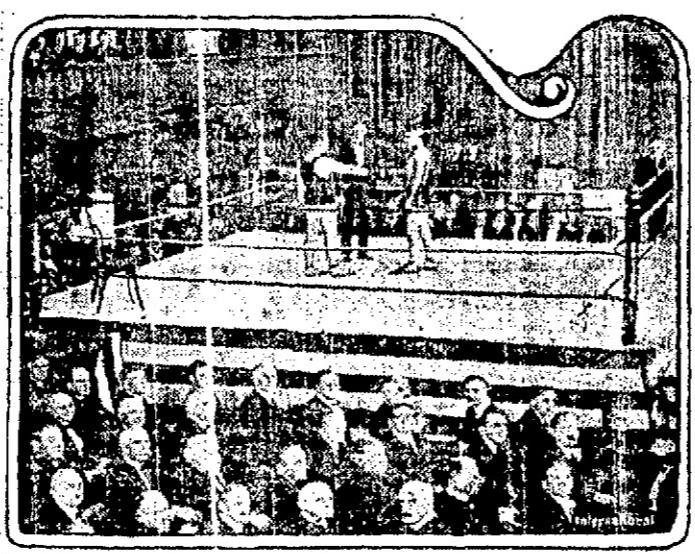

FINALLY—
try them

Guaranteed by
The American Tobacco Co.

which means that if you don't like "111" Cigarettes, you can get your money back from the dealer.

SOCIETY AND GANGSTERS RUB ELBOWS AT BOXING CONTESTS

A View of the Bouts in the Biltmore Ballroom.

New York's East side and Fifth Avenue met the other night at boxing bouts, under the auspices of the Marshall Stillman movement. In the grand ballroom of the Hotel Biltmore, New York city, The Rev. Dr. Herbert Stillman and "Spider" Ronel got quite chummy, and Adelphous Gear, president of the movement, left with the opinion that "Emergency Red" Allen was a regular fellow after all. Although the Marshall Stillman movement, which was founded to promote clubs for young men, was launched five years ago, theistic performances at the Biltmore marked its real inauguration.

Football Betting

Baseball came into national dispute because the gamblers found a place for an entering wedge and drove it home. Doubtless the players were honest enough until a sufficient sum of money was offered to tempt them. Bets on baseball games were regarded as a part of the sport's aftermath until the scandal became public.

Football is in some such danger. The game is a clean, honorable, manly sport, but not professional. The football player is as jealous of his amateur standing as he is of his ability to play. To the credit of the game it may be said that most players keep clear of professionalism. They play, not only for the game's sake, but for the glory and the traditions of their schools. With something of the same fervor that causes soldiers to fight and die for the flag, they strive for victory. Every ounce of strength they have is given to win. At bottom they realize they must win cleanly.

Football in itself is unallied but the camp followers will smirch it sooner or later unless they are balked. Considerable sums are wagered on football contests by young bloods, who never got nearer to the game than the side lines. The sports follow the games, not because they are interested in football itself, but because they see an opportunity to gamble. They have their scouts at work and they have perfected a system whereby they have a reasonable assurance of winning before they bet. Five thousand dollars offered to some player might easily persuade him to fumble the ball on a muddy field and nobody would be any wiser—nobody would know except the gambler and the player who sold his honor. There is no record of any such practices, but if one sport is to be judged by another, the football player must be protected from the same temptations to which the baseball players succumbed.
